GasLab Plus
CO2, CO, PM2.5, PM10
Hand-held Gas Detector

- **Audible alarm and LCD Backlight**
- **NDIR and EC Technology**
- **Large Display for easy reading of:**
  CO2, CO, PM2.5, PM10, Temp, RH

The GasLab Plus CM-504 is designed to measure carbon dioxide (co2), carbon monoxide (co), and particulate matter concentrations in a variety of industry settings.

CO2 and CO alarms are critical in Restaurant, Beverage, Brewing, Agriculture, Industrial, Chemical, and Scientific applications, or anywhere CO2/CO is stored or produced in high volume.

The GasLab Plus CM-504 has an audible alarm, LCD Backlight, and Data Logging capabilities.

Best of all, the GasLab Plus CM-504 is easy to use, and the alarm is ready to protect your customers or employees.

Part no. CM-504

Applications:

- **Restaurant**
- **Beverage**
- **Automotive**
- **Agriculture**
- **Industrial**
- **Scientific**
- **Safety**

Specifications:

- Measurement Range:
  - **CO2** - 0~9,999ppm,
  - **CO** - 0-1,000ppm
  - **PM2.5, PM10** - 999 µg/m³

- Accuracy:
  - **CO2** - ±50ppm, ±5% of reading
  - **CO** - ±5%~±10%
  - **PM2.5, 10** - ±15% or ±15 µg/m³
- Display Resolution:
  - 1ppm

- Temperature:
  - 0-50°C

- Operating Conditions:
  - 0~40°C (32~104°F), 0~95% RH, non-condensing, with lithium-ion batteries
- Power Supply:
  - Rechargeable Li-ion batteries
